DECT Dongle Kit DD10K

Quick Start Guide(V1.0)

Introduction

DECT dongle kit DD10K helps you turn the SIP-T41S/T42S IP phone to the DECT desk phone (hereinafter referred to as DD phone). After that, you can use the IP phone as a handset for a base station.

Packaging Contents

The following items are included in your package. If you find anything missing, contact your system administrator.

DD10K

Quick Start Guide

Assembling the DD10K

Assembling the DD10K, as shown below:

To assemble the DD10K:

1. Insert the DD10K into the USB port on the back of the phone.

DD Phone Mode

Before using a IP phone as a DECT desk phone, you should enable the DD phone mode first.

To enable the DD phone mode when the IP phone is powered off:

1. Assemble the DD10K.
2. Power on the IP phone.

The DD phone mode is enabled automatically after the IP phone is started up.

To enable the DD phone mode when the IP phone is powered on:

1. Assemble the DD10K.

The LCD screen prompts "DECT dongle is inserted, reboot and switch to DD Phone mode?"

2. Press the **OK** soft key.

The DD phone mode is enabled automatically after the IP phone is restarted.

Registration

You can register up to 8 DD phones (for W60B) or 5 DD phones (for W52P) to one base station. Each DD phone can be registered to only one base station.

Before registering the DD phone, make sure the base station is in registration mode (long press  on the base station till the registration LED flashes).

To register the DD phone when the phone screen prompts "Unregistered!", do one of the following:

- A. Press the **Reg** soft key to register quickly.

B1. Do one of the following:

-Press the **OK** soft key, and then select **Register Handset**.

-Press  and then select **Settings->Registration->Register Handset**.

The IP phone begins searching the base station.

B2. Press the **OK** soft key after searching a base station successfully.

B3. Enter the base station PIN (default: 0000), and then press the **OK** soft key to complete registration.

Note:

•If the DD phone is registered to the base station successfully, the phone screen prompts "Subscribed Succeed".

•If the DD phone prompts "Searching for Base", check if your base station is powered on or not.
